PROFILE SUMMARY

Emerging economist with a strong academic background and practical experience in policy analysis, econometrics, and institutional development. Skilled in research, policy brief development, and governance-focused projects at both national and state levels, with advanced proficiency in statistical and analytical tools. Demonstrated leadership as Director of Human Resources and Operations in Policy Analysis and Research Group (PARG), Currently serving as the Director of Programs at the Africa Macroeconomic Analysts Program (AMAP) and gaining hands-on policy experience as a Research Intern at Preston Consults Limited.

EDUCATION

University of Nigeria, Nsukka (UNN)

Aug. 2020 - Dec. 2024

B.Sc., Economics: Second Class Honors (Upper Division)

WORK EXPERIENCE

Research Assistant, Preston Consults Limited – Abuja

Mar. 2025 - Present

- Assists in conducting rigorous research and data analysis to support national- and state-level public policy initiatives, including the development of monitoring and evaluation framework and impact assessment and policy designs.
- Co-developed the Implementation Completion and Impact Evaluation Report for the Fiscal Governance and Institutions Project (FGIP) under the Federal Ministry of Finance.
- Drafted policy briefs, stakeholder presentations, and contributed to public policy analysis.
- Co-developed quarterly and annual reports for the Federal Ministry of Industry, Trade and Investment.

Secretary and Inventory Clerk, Reliable Steel and Plastic Industry Limited - Anambra

Mar. 2022 - Oct. 2022

- Scheduled and documented meetings by managing calendars, presiding in the Unit Manager's absence, and preparing accurate minutes to ensure continuity.
- Coordinated and delegated tasks to porters while monitoring store space utilization, addressing inefficiencies to support smooth unit operations.
- Recorded and verified deliveries from the production unit, maintaining accurate and up-to-date stock inflow and outflow records in inventory systems.
- Prepared and presented weekly inventory reports, highlighting inflows, outflows, and stock balances for management decision-making.

Reliable Steel and Plastic Industry Limited, *Quality Control & Health Safety and Environment (QC&HSE)* - Anambra

Jan. 2021 - Mar. 2021

- Inspected and monitored over 1000 production components hourly, identifying defects and coordinating corrective actions with engineers to reduce errors.
- Maintained accurate inventory and quality records, ensuring 99% traceability of approved components.
- Conducted internal audits that improved compliance with the company's quality management system by 15% during the review period.
- Enforced safety standards by issuing stop orders on malfunctioning machines, preventing potential downtime and safety hazards across multiple production lines.
